

CHEMISTRY CLUB

BACKGROUND INFORMATION

University of Embu chemistry club is an academic club which was started on 27/02/2017 in a meeting which was held in LH1 with about nine members attending the meeting.

VISION

To make chemistry visible to all in the society

MISSION

To recruit, inspire and develop a new generation of scientists (chemists) dedicated to the highest principles of science

OBJECTIVES

- Promote exchange of ideas between students studying chemistry and the chemical sciences
- Provide programs and activities which will develop responsibility, leadership, organization and citizenship

CURRENT LEADERSHIP

- Clevas Cantona (chairperson)
- Kipchumba Sharon (vice chair)
- Musyoki Munyao (secretary)
- Chepkirui Edina (vice secretary)
- Muriungi Evans (Treasurer)

- All school of pure and applied sciences
- All Bsc Analytical Chemistry

ACTIVITIES EVER DONE

√ Demonstrations on different topics in the chemistry laboratory during the open day on 11/11/2017
